**The temple is 1/2km south of the Ranganathaswamy Temple Raja Gopuram on the way to Amma Mandapam just after the Mangamma Nagar Arch.**

The beautiful Salagrama idol was installed by Palahari Purushottama Ramanuja Jeer (I) around 450 years ago.

The belief is that devotees visit this temple to get diseases cured, that is not cured otherwise by the doctors.

It is also believed that missing people are found if one offers his sincere prayers at this temple.
