In the Congress Raj, before a case went to the Supreme Court, everything was managed.

Here's a small but an impactful example of this.

This is the biggest secret of the success of 70 years of Congress, that it has managed all the media and judiciary and ruled it.

Retired Judge of the Gujarat High Court, Justice Soni, revealed that any petition related to the Gujarat riots, which is filed by Teesta Setalvad in the Supreme Court, why does it always go to the bench of Justice Aftab Alam?

When he further investigated that it was learned that Justice Aftab Alam's real daughter Arusa Alam is a partner in Teesta's NGO Sabrang.

Justice S.M.Soni had written a letter to the Chief Justice of India to keep 'communal mindset' justice Aftab Alam away from Gujarat cases.

He then sent a letter to the Chief Justice against this and detailed the 10 rulings of Justice Aftab Alam and Justice Abhilasha Kumari, daughter of Congress leader and Chief Minister of Himachal Pradesh, by elaborating in eight thousand pages.

Then, this gang was separated from every single case in Gujarat.

If Justice Soni was not there, then the Congress government had done its entire planning to implicate Narendra Modi.

Have you ever heard Rahul Gandhi, Lalu Yadav, Sitaram Yechury, Mayawati, Akhilesh, Mamta, Mehbooba, and opposition leaders calling each other thieves?

No !!!

While some of them have been convicted, some are in jail, some are on bail and some are facing trial in court but they do not call each other a thief.

Please think.

But Modi who had no official charge, no FIR, no trial is going on, no court had even ordered any investigation, all these leaders were calling him a thief.

Isn't the complete thread a stupendous game plan/match fixing to nail PM Modi?

Thanks to Justice Soni, Modiji would have never been the PM without his hard work and interference.
