**WHY DID KING DAKSH BEHAVE NEGATIVELY TOWARDS SHIVA AND SATI.**

**It was actually the shakti form of devi which took birth as Sati in Daksh's house who acquired this name due to her satya swarup.**

**Everyone is aware of the story as to why Sati jumped into the Yagya fire.**

But there is a story behind the reason for the negative behaviour of Daksh.

It so happened that once Rishi Durvasa went to Devi Jambunadeshwari and after her darshan recited the Mayabeej mantra. The devi happily gave him a divine Garland. Durvasa happily accepted it and left.

On his way he met Daksh who was eager to get the divine Garland. He requested the Rishi to give him that Garland. Knowing that Daksh was a good person, Durvasa gave the garland to him.

But Daksh casually kept the garland on his bed and went about doing his earthly instinctive work. Due to this insulting behaviour of Daksh for the divine garland, he developed a negative feeling for Shiva and Sati(Aadi Shakti).
