Dakshina Moorthy Kshetram is located in Edappal. Paramashiva is worshipped as Dakhinamurthy here. Kshetram is very unique because, no festival is celebrated here as it might disturb the Tapasya of Paramashiva.

Sthala Puranam says that, the Prathista of the Vigraham was done by Suka Maharshi, thus the name Sukapuram. Suka Maharshi informed an auspicious time for the Prathista of vigraham in the temple. He said that a peacock would appear at the right time. Everybody waited for time,■

when a man came with peelikavadi (kavadi with peacock feather), people felt that this is the right time and requested Suka Maharshi to do Prathista.
But this was before the auspicious time. At the time informed by the Maharshi, a peacock came to the temple and sat in balikallu

Maharshi immediately did Prathishta of another vigraham facing south as Dakshinamoorthy. It is said that there are 4 sankalpas of Bhagwan in this temple, Vyakhyana Dakshinamoorthy, Yoga Dakshinamoorthy,Veenadhara Dakshinamoorthy,Jnana Dakshinamoorthy.

Om Nama Shivaya
