**My nationalist friends, the history of Indic religions is full of mutual acrimony, differences & divisions. It's also demonstrative of the fact that partly because of this disunity that followers of Abrahamic religions were able to spread their tentacles across our land & rule us**

The questions that we need to ask ourselves now, when massive Break-India forces are arrayed against us, are these: Are we going to keep reminding ourselves of the hurts, real and perceived, that we have caused to one another in the past and keep getting at each other's throats?

Or are we going to bury the differences, unite & vanquish the Break-India forces?

All my posts have been aimed at raising these questions & letting you answer them to yourselves. I have no hidden agenda.

I respect all views, including those opposed to mine.

Guru ji,

May dogs can bark on the sun.  
The dogs think that sun fears for  
their barking.  
The sun doesn't care.

The sun stands tall, shines and  
blindly ignore all the dogs.

That's my Indic heritage.

Many posts have been abusive. That hasn't made the slightest difference to me. It has just gone to show that their authors have run out of rational arguments to counter mine.

People have gone to the extent of speaking about civil war. Is it justified to call Sikhs as Talibanis? Sikhs have been getting enrolled in the defence forces for several years. Why should we blame them for some black sheep in the community?

Bhuddhis n Jainism is known for tranquility but all they do it mud splash on #Hinduism. Even #Sikhs are behaving as TALIBAAN. It's high time #Hinduism finds itself enough n judge the pros n cons of brotherhood at its expense. We are self sufficient n full of legacy in our ownself.

I REPEAT : ARE WE GOING TO BURY THE DIFFERENCES, UNITE & VANQUISH THE BREAK-INDIA FORCES?

Please ask yourself. Not a single caste or creed needs to be sacrificed.

WE ALL INDICS ARE ONE.

Also why would Brahmins be sacrificed for Indic unity, how it's different from muslim appeasement..Indic unity has to be based on facts and not because we belong to diff caste but bkz we belong to the same nation, breathe the same air and live in the cradle of oldest civilization
