#MohiniEkadesi

This is commemorated during Shukla Paksha on Ekadasi 11th day of Vaisakha month. Fasting on this Ekadasi is dedicated to Bhagwan Vishnu. It's well-known by all devotees that fasting aids in washing away all the sins committed by the people.

Baghwan Vishnu had emerged as Mohini. When Amrit was found during the Samudra Manthan, a question arose between Devtas and Daityas on who could have it. At that point, Vishnu appeared Mohini.

Daityas continued enjoying the grace of Mohini, while the Devtas drank the Amrit at the same time. This is the reason this day is recognized as Mohini Ekadashi.

Baghwan Rama had also the fast of Mohini Ekadashi while looking for Sita, & furthermore by Yudhishtira during Mahabharata. Consequently, their sufferings too were washed away.

So, devote this day to him & get washed out all your past life faults
