PETA: THE BUTCHER OF ANIMALS

@PETA, An organisation that is supposed to be protector of Animals, actually kills the Animals in cold blood.

An organisation that claims to fight for Animal rights, it's ironic that the @peta which runs Animal shelters in the state of Virginia, US has known to have killed more than 90% of healthy Animals in its shelters.This is the Organization which gives us lecture on Animal rights.

The Virginia Department of Agriculture and Consumer Services (VDACS) requires all animal shelters to report the number of cats and dogs they take in each year. The records indicate how many cats and dogs were reclaimed by their owners, adopted out, transferred to other Virginia releasing agencies (i.e. animal shelters and animal control), transferred to out-of-state releasing agencies, died of natural causes, euthanized (killed), and how many the shelter held alive at the end of the calendar year. We added the dogs and cats euthanized and divided by the total number of dogs and cats taken in excluding those held only for sterilization surgery to determine the percentage of dogs and cats PETA killed in a given year. In 2009, Virginia modified its policy and eliminated animals held for sterilization from the records.

We obtained the reports by filing public records requests under Virginia's sunshine laws with the Department of Agriculture and Consumer Services. The information for years 2004-2010 is also available on the VDACS website for public inspection (animals classified as "other" from 2004-2009 include those reported by PETA as held for sterilization).

There were the pets given by the veterinary doctors to PETA hoping they will find better homes. Upon receiving them, PETA certified that they are healthy & adoptable but they were found dead in dump yard.

@PETA, the killer of Animals, abducts the Animals without informing to their owners but when owners go to the court, PETA pays fines worth thousands of Dollars.

https://t.co/IvkK5s0FKo

@Peta collucts funds from us for Animal Protection but do you even have a slightest clue that what #PETA do of that fund.

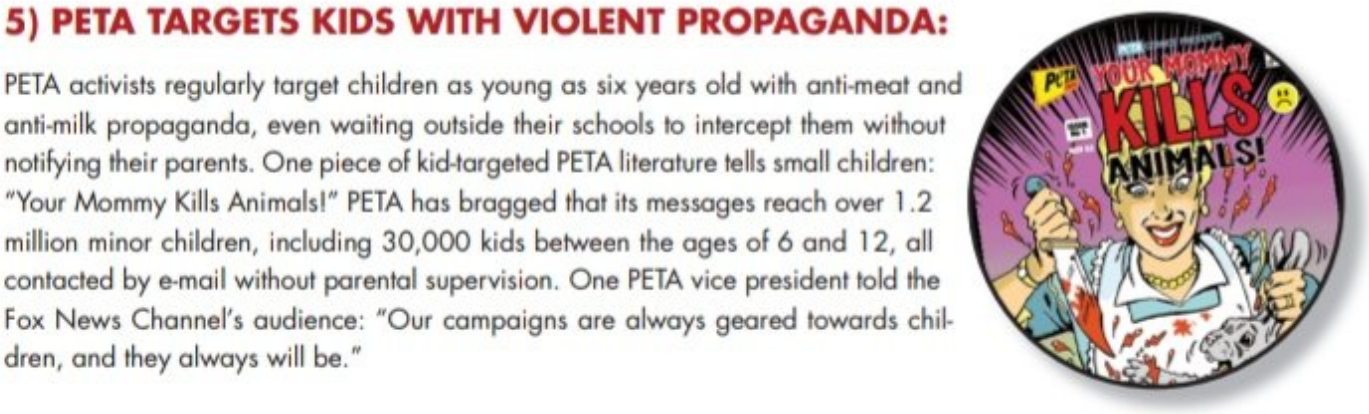

#PETA funds Arsonists, known criminals & terrorists who are known guilty in multiple incidents.

https://t.co/C4SUmI0nWP

PETA activists regularly target children as young as 6 years old with anti-meat and anti-milk propaganda, even waiting outside their schools to intercept them without notifying their parents.

One piece of 'kid-targeted PETA literature' tells small children ....

.. “Your Mommy Kills Animals!” PETA has bragged that its messages reach over 1.2 million minor children, including 30,000 kids between the ages of 6 and 12. Onece PETA vice president told the Fox News: “Our campaigns are always geared towards children, and they always will be.”

PETA's hypocrisy goes to next level..! You know why?

See..

Pope Francis is @PETA's person of the year & He begins his day by eating #MEAT in breakfast.

https://t.co/hYfDbJc63b

@PetaIndia hv persons of the year like #SonamKapoor & #ShilpaShetty who they say are here for Animals.

Are they Animal lovers??
Yes, see how.

Sonam Kapoor uses handbags of cow leather, Python leather while Shilpa Shetty gives recipes: How to make Chinese in 100 different ways.

During Rakshabandhan, @PetaIndia put up huge hoardings in many cities in India asking Hindus to protect cows, which is ridiculous. Leather & Rakshabandhan don't go together. It was completely a #Hindu hating stunt!!

https://t.co/gD1XGlOdxO

Why does #PETA target only Hindu Religion in India?
They know what happened with #KamleshTiwari, #CharlieHebdo!! So they don't have courage to raise their voice against Moslims & Christians.

So far @PetaIndia has filed cases in India against Jallikattu, against Temple elephant, they will give Hindus lecture for saving cows, they will ask Hindus to stop eating butter during Janmashtami.

https://t.co/dd03HyAGcD

But during #Eid what will they do??
Do they ask Moslims to stop slaughter..?

NO THEY DON'T..! They write to Police Chiefs saying that PLEASE STOP ILLEGAL TRANSPORTATION. ■

They know that if they speak directly or take on Islam or Christianity, they will face repercussions. We #Hindus are easy to lecture. This is why @PetaIndia consistently targets only #Hindu Festivals.

Why @peta & @PetaIndia have so much hatered for #Hindus?
To know the reason first we must know who funds #PETA!?

#PETA is having funded by George Sorous through "Open Society Foundation" & "Tides Centre & Foundation".

Now lets see the face of George Soros!!

George Soros used his fortune to create the Open Society Foundations—a network of foundations, partners, and projects in more than 120 countries!

This Open Society Foundation supports Tides Foundation!

George Soros funded Tides Foundation a whopping $3.5 million according to wikipedia.

Many other Left-leaning anti-Modi voices closely associated with Harsh Mander including John Dayal, Usha Ramanathan, Umar Khalid and Teesta Setalvad encourage "sadak pe andolan (street protests)" across anti CAA forum

George Soros, the Hungarian-American billionaire said he will commit $1 billion to start a global university to destabilize #India, to fight with #Modi & #Hindus.

Now link all these, you will get to know why @peta & @PetaIndia regularly target #Hindus.

This is a #SOFT_TERRORISM.

It's a request to Ban this Terrorist Organization #PETA in India, so that we have riot-less days in future, so that we live in peace, so that we Hindus celebrate our festivals with pride! ■
