16 young Indian startup founders who are building amazing businesses in their 20s:

A THREAD

#threadsbyAP

1. Rahul Mathur (@Rahul_J_Mathur) - One of the most exciting prospects in the Indian startup eco-system, Rahul has taken a very complicated category of insurance & simplified it for the consumers with @BimaPeBharosa .

2. Parveen Singhal (@parveenksinghal) - Co-founder of @STAGEdotin which is an OTT platform showcasing content in Indian “dialects”. This is as Indian a startup can possibly get. Stage has already captured the Haryanvi market & is on track to expand in dialects across India

3. Suumit Shah (@suumitshah) - Founder of @mydukaanapp , which makes it super easy for anyone to start selling online. Dukaan app has made the barrier to entry into e-commerce almost zero!

4 & 5. Supriya (@supriyapaul93) & Shobhit (@shobhitbanga) are Co-founders of Josh Talks & Josh Skills. They are using the Internet to power BHARAT with motivation, direction & basic skills not accessible to many.

6 & 7. Nikita & Nishita Baliarsingh (@I_am_NBS & @nbs_nish) - Co-founders of Nexus Power, the twin sisters are making biodegradable batteries using Crop residue! They are revolutionising the automotive sector with batteries that are fast-charging & amazingly, Eco-friendly!

8 & 9. Drishti & Bani (@drishtiguptaaa & @banisinghvasir) - Co-founders of @nowandme , these two young guns have created a much-needed platform focused on mental health & wellbeing.

10. Dhrupad (@dhrupadkarwa) Founder of @get_inspo Dhrupad is building a fantastic platform which helps you with content writing, creativity & inspiration!

11. Viraj (@viraj_sheth) - Viraj has built one of the biggest influencer marketing agencies in the country @MonkEtweets . MonkE manages some of the most popular content creators & has a strong brand clientele too.

12. Abhay (@AbhayRangan) - Founder of @goodmylk , Abhay is on an endeavour to make plant-based food products affordable and accessible to all.

13 & 14. Sai & Siddharth (@SaiGole & @siddharth_iitm) are Co-founders of BharatAgri which is transforming agriculture by helping farmers with guidance on better yield, better optimisation of produce & cost-saving.

15 & 16. Sambhav & Kush (@_SambhavJain_ & @iamkushtaneja) - Founders of @fampayindia ,these exciting youngsters are changing the way teenagers manage their finances! They have launched India's first Prepaid card for Teens. Parents love their offerings, & VCs love the business

These young superstars are testimony of the potential of the Indian youth!
I am sure there are more such names who aren't mentioned here. If you know any, please tag them in the comments below!

INDIAN STARTUP ECO-SYSTEM TO THE MOOOOONNN!!

END.
