Which election is more important, Lok Sabha 2024 or UP 2022?

It has been announced that by December 2023, the Ram Temple would be open for Ram Bhakts to do darshan and puja. 1/n

This suggests that LS2024 is a foregone conclusion for the BJP, and no one can stop it. So, the only way to stop the BJP in 2024 is to stop it in UP 2022. 2/n

So the Ram Temple can be postponed beyond 2024 since it cannot be done through the courts because that avenue is currently closed. 3/n

If they, do it, they will polarise Muslim votes as well as a big number of cowardly Hindus who want a hospital or a school in place of the Ram Temple. And believe me, there are a lot of such weak Hindus. 4/n

As a result, the key crucial target is UP2022. The question is how to go about it.

The solution is straightforward. 5/n

Use Raita Wing to confuse Hindus, and to accomplish this, Ravan sitting at XJP has dispatched a Kalanemi to prevent Hanuman Ji from obtaining sanjeevani booti in time; if Kalanemi is successful, Lakshman would perish, and Shri Ram will be annihilated and broken. 6/n

Kalanemi was already tested in Bengal a few months ago, and if you've noticed, the tone of Kalanemi has altered since Bengal 7/n

These Raita Wing will utilize Twitter, Facebook, and YouTube to mislead Hindus. Remember that the Raita Wing people who have sold themselves for peanuts make up the majority of Pappu SM's 500000-strong team. 8/n

Some people with social status, such as Ex Babus, Faujis, and others, are well compensated.

Few are cracked as a result of Pegasus Baba. Let me show you how the Utube/Twitter circus works. 9/n

"We are rock solid with Kalanemi," one circus group administrator explains.

The circus founder tells the circus director, "Kalanemi is a scam and a businessman," yet in public, he supports Kalanemi and deceives people. 10/n

The Circus Director informs the other members of the circus that the "founding member confirmed Kalanemi is a fraud and businessman," but does not inform anyone else.

In a public show, the Chairman of the Circus presents this Kalanemi dressed as a Lion to Hindus. 11/n

Hindus, who mortgaged their brains 800 years ago, offer a standing ovation to Kalanemi, who is dressed as a lion.

A fault line has been built among Hindus in UP, the UP game is all about a 10% Hindu vote shift, with the Brahmin divide being the icing on the cake. 12/n

The loss of UP means the loss of the Ram Temple, which means the loss of Lok Sabha 2024.

So, please apply your logic.

UP is a struggle, but if it fails, the WAR is lost. 13/13
