I am writing this in tears. My brother was hit on the head at school(Moi Forces Academy Eastleigh). On Saturday 21st August 11 am I recieved a text from his Deputy principal to go pick him because he had an issue with his eyes.. #stopschoolviolence#banbeating

On getting in the Uber.. He asked me to take him to hospital quick.We came to Coptic ran blood tests and Covid test. We thought he had Covid. All tests came negative. We went home. After hours he started being incoherent.We got worried and scanned him #banbeating #BackToSchool

So we noticed he had a swelling on his head.He still couldn't speak. After a few minutes his left side stopped working. So we rushed to get a CT scan and found out he had bleeding in the head next to the brain. He is currently in the HDU. #BackToSchool #banschoolbeating

We tried to call the school no one is responding or explaining what happened. They called back yesterday after my parents posted on the class groupBut it is clear he was hit considering he has no marks on the body. This is not the first time this has happened.
#BackToSchool

Last time a guy was beaten till he broke his ribs. We pay school fees for our children to be beaten like this?what would a child do to deserve this kind of treatment?Is this discipline? this is assault. @FredMatiangi #BackToSchool #banschoolbeating

@Prof_magoha beating in schools was banned why is Moi Forces still allowing teachers and prefect to beat students? Kindly Retweet for the relevant authorities to deal with this.This time it's my brother next time it will be your son! Let's put an end to this.BOYCOTT MOI FORCES!!
