One last shot at registering something that might loosen your grip on this:
I I wish you c/would find something that actually resembles a plan in the Trumpian catalog.

Something more tangible than the bombastic demagoguery & claim to destroy something that many of the Trumpian

@tommy_pane 2/ faithful actually depend upon. It's very similar to the tea party holding their angry outrage at the government trying to fix healthcare well demanding they don't mess with their Social Security or Medicare.
The astonishing ignorance in the Trumpian hoi polloi is concerning.
