## #Thread

**I have recently come across a sub-reddit called "Ex-Hindu"**

### **Let us have a look at the rules of the sub-reddit first:**

The reason why I'm tweeting about it is that sub-reddit has several brazenly bigoted individuals whose posts, despite violating the rules of the sub-reddit, aren't removed.

Now let's see what kind of posts are made.

1. Bigoted demonization of Lord Krishna: 2/n
  
2. Some more posts on demonization of gods: 3/n
  
3. More posts on demonization of gods: 4/n
  
4. More on the same:
  
5. Misinformation & hate posts:
  
6. More on the same:
  
7. Demonization of brahmins and hatred towards Hindus:
  
8. Denying Hinduphobia and Hindumisia whilst indulging in the same:
  
9. Misinformation:
  
10. The faith they are practicing currently and the number of people following the sub-reddit:

I realize that this an extremely poorly written thread and I apologize for that.

I didn't want to spare much time in writing about the bigots who are blatantly Hinduphobic/Hindumisic.
