My entire time on twitter, I have never once asked you to retweet something. I am asking now. Please let people hear Brevard, FL School Board member Jennifer Jenkins tonight detail the threats and intimidation her, her family, and her neighbors have been subjected to this year.

She is not alone. This is what is happening to them. We hear from the thugs who do this to them, but we don't normally hear from them what they are going through. THIS is what the Garland memo was about. NOT, Hawley, Cruz, Tucker's BS that the FBI is arresting moms for speaking!

We stand with [@JenkinsBrevard](#)
