When he saw Atharva Agni, Saha said that now he was weak and unable to take offerings to Devtas. But the fishes gave away his whereabouts . Saha cursed fishes that you will be the food for various creatures. Although Atharva insisted that Saha carry out his duties but he could not tolerate this and he left his body and went inside the deep earth.**

**As he touched land, it created many minerals. His blood created many minerals like Sulphur. His bones turned into Pine trees, his cough created Sfatik his heart created Iron, Stones, Wood etc. After that he performed a strict Tapasya and came out stronger when Angira and Bhrigu awakened him. Seeing Angira, once again he entered the Ocean. As Agni went in Ocean it was darkness everywhere. Devtas asked Atharva to carry on. Atharva cleansed the Ocean and had a Darshan of Saha Agni.
