I don't care if Mike Todd gives away 1mil, he does not biblically teach the word of God. I'm begging all new believers and people trying to walk in true biblical Christianity to please stop listening to him. He can be the most famous pastor in earth, and it's still a NO.

If you need resources I can send plenty! Looking for young relatable pastors/teachings? Watch the Porch sermons on YT from a church called Wattermark in Dallas. Biblical, sound, to the point about relatable topics. All this spitting and rain is ridiculous and enough is enough.

I recommend John Piper for question purposes, Paul Washer for sound conviction ■ JP at Harris Creek , any teaching/sermons on YT from the Porch, Cross Examined (Frank Turkey) YT and podcast, Becoming Something Podcast, Got Questions app, & Comfortable Christianity book!
