Larry Hite has two basic rules about winning in Trading as well as in Life:

\u201cRule 1: If you don\u2019t bet, you can\u2019t win
Rule 2: If you lose all your chips, you can\u2019t bet\u201d

Rule 1 is overcoming the fear & Rule 2 is about Position Sizing

Don't pay management fees for PMS, then the manager is compelled to perform if he wants to make money. The right way to do it.

> Be outside your comfort zone if you want to achieve excellence.

> Example: At Negen PMS, we decided to only do profit share. ZERO management fee. So if clients don't make money, nor do we.

> Now our survival depends making money for clients and not from lazy annual management fee.
