A knowledge base of the world's systems

System is a free, open, and living public resource that aims to explain how anything in the world is related to everything else.

Today, System comprises thousands of relationships between hundreds of topics, and counting. As the world becomes increasingly complex and interdependent, our vision is to statistically relate everything as **one system**. We believe that seeing the whole system will help us all make better decisions — at home, at work, and as a society.

About Wikipedia

This is the front page of the **Simple English Wikipedia**. *Wikipedias* are places where people work together to write *encyclopedias* in different languages. We use **Simple English** words and **grammar** here. The Simple English Wikipedia is for everyone! That includes children and adults who are learning English. There are 216,075 articles on the Simple English Wikipedia. All of the pages are **free to use**. They have all been published under both the *Creative Commons Attribution/Share-Alike License 3.0* and the *GNU Free Documentation License*. **You can help here!** You may change these pages and make new pages. Read the **help pages** and other **good pages** to learn how to **write pages here**. If you need help, you may ask questions at [Simple talk](#).

When writing articles here:

- **Use Basic English words and shorter sentences.** This allows people to understand complex terms or phrases.
- **Write good pages.** The best encyclopedia pages have useful, well-written information.
- **Use the pages to learn and teach.** These pages can help people learn English. You can also use them to [make a new Wikipedia](#) to help other people.
- **Simple does not mean short.** Writing in Simple English means that simple words are used. It does not mean readers want basic information. Articles do not have to be short to be simple; expand articles, add details, but use basic **vocabulary**.
- **Be bold!** Your article does not have to be perfect, because other editors will fix it and make it better. And most importantly, **do not be afraid** to start and make articles better yourself.
