RGF Files (Thread)

NGOs r doing very good work all around the world at grass root level that's why people respect them but nobody can deny that they r also misused

Modern day democratic wars r not fought with tanks, fighter jets and bullets

RAJIV GANDHI FOUNDATION FILES

They r fought by NGO, activists and foreign funds.

Suppose US wants to pressuresie Indian govt to take decision is support of them or they want to stop some infra, capacity building or space program in India then they don't need to send their jets to India.

They just need to transfer money to their NGOs working in India n rest work these NGOs will do by their activists, lawyers and media persons.

So its very important to know about the funding of NGOs.

I did research abt funding and associations of Indian NGO Rajiv Gandhi Foundation and what I found was absolutely shocking.

Chapter 3 : Abuse of Power

Ruling Congress Govt of Gandhi family altered the rules and gave 2 acre costly land in Lutyens Delhi to Gandhi family's Congress party.

Congress Party rented that land to Gandhi Family's RGF Foundation free of cost in 1995.

Congress governments over four decades kept changing rules to allot free Lutyens land to Rajiv Gandhi Foundation: Read details

The land was given in 2 tranches, once 4736 square yards and then 4500 square yards were granted, as per the Times Now report. The land was initially meant for the Congress party, but ended up under the control of the Nehru Gandhi family, though some clever tweaks.

Chapter 4 : Funding from China

They also received fund from Chinese govt twice during 2006-09 that was the time when Congress govt did secret deal with China

Sonia Gandhi headed Rajiv Gandhi Foundation took well over Rs 1 crore from Govt of China in 3 years, launched 'project' endorsing FTA

It is pertinent to note that it was in this period, in the year 2008, that Congress signed an MoU with the Chinese Communist Party, which is the only political party in China.
