Against them the sole Petitioner who is working for years freely dedicating his life is

ADVOCATE ASHWINI UPADHYAY

Please think why 8 eminent and expensive lawyers have been arranged by Christians and Muslims to oppose any law to stop religious

conversions by unfair means.

Religious conversions is a big business. Estimated funding from Gulf Countries is Rs 50,000 crores and from western countries is another Rs 50,000 Cr

Is it not wonder that for saving Hindus their is only one lawyer in India appearing free while to

convert Hindus their are already 8 eminent lawyers. ??

There are thousands of capable Hindu lawyers, big and rich Hindu organisations but no one is coming forward to intervene in the petition from Hindu side

What wealth you are accumulating will create danger to life in

future for coming generation as in the past India was looted, women captured and converted by invaders. This time the invasion will be by VOTING as their numbers grow.

Wake up Bharatians. There are Stooges who compromise their DNA even their grandfather's will not forgive
