**So on the topic eyes on Sweden. This is not even a hard one... Investor controlled companies: Ericsson -the wire, Saab -war, ABB -the grid, SKL -bearings that "makes the world turn" Astra Zeneca -keeps ppl sick, Nasdaq -controls money, SEB -Soros funds kept there? And a lot more**

# investor

Provides electrification products, robotics and motion, industrial automation and power grids, pushing the industrial digitalization

## Our view:

- ABB is well positioned in the electrification and automation
