## Twitter Thread by Priyanka (Astrology Guidance)

Students should keep tamarind leaves in their books on Thursday. It is a tested remedy that helps in retention and boosting memory power.

Additionally, the 24 letter Mantra of Dakshinamurti Mata can also be recited 108 times daily. It also helps in stopping distraction.

The mantra is:

English: Om Namo Bhagwathe Dakshinamurthaye Mahyam, Medham Pragnam Prayacha Swaha!

You can look for its pronunciation on Youtube.

There is an inadvertent error in the first tweet. I don't know how the word Mata crept in after Dakshinamurti. Thanks for bringing it to my notice.

Humble apologies for my mistake.
