@DillikiBili

Good Books for learning Price Action.

First two are good enough, if you want to really go in depth then go for 3rd one by Al Brooks later (Its only for serious and committed learners, as its too detailed and would tire out a casual reader). <https://t.co/2Vgq5gCVXL>

ANNA COULLING

**A
Complete Guide
to
Volume Price
Analysis**

**Read the book
then read the
market**

Book name plz
