A lot of people keep asking me for the Breakout & Momentum scanners, here are the most useful Breakout Trading scanners you can use to filter out stocks!■

A thread ■■
#trading

This scanner will give stocks which are giving breakout from 52 week high and having huge potential upside.

https://t.co/dEvAQb5tZ6

This scanner will give stocks which are having Volume Spurt which signifies that big hands are taking the entry.

https://t.co/4fpekhqpA4

This scanner will give stocks which are giving breakout from short term classical chart pattern.

https://t.co/PbSeV6cIZn

This scanner will provide you with the stocks which are hovering near to 52 week high and has the good potential for upside.
