**Know the index structure & what your are buying!**

**To keep it simple, N500 index fund is sufficient, as it covers 95% of the entire market.**

**Or**

**N100 is 78% of the market, where N50+NN50 is 80:20 ratio.**

**Have higher risk appetite? buy 50:50 of N50+N100.**
