.@SteveSisolak, you state you support schools reopening.

Well, educators do also. We support schools reopening SAFELY!

Here is how you, our Governor, can support us in CCSD. 1/9

Tonight, I provided public comment during the CCD meeting expressing my support for a safe reopening of schools. I ask everyone to continue these efforts and develop future plans for more grades to return in a safe manner.

The State will continue to assist in anyway possible. The health & safety of students, educators, staff, & families remain the priority. I will work with @NVSupt & @SuptJaraCCSD to devote every resource possible to meet this goal.

You want to support reopening

1 ■■ Ensure that there are enough vaccines for teaches to receive two doses in the preferred timeframe.

2 ■■ Encourage Superintendent Jara to make this a priority, as well as send out a statement to district employees of his

plan to ensure we will not open schools until all 2/9
