WOW, Mike Gapes and Joan Ryan are non-Labour JLM conference attendees discussing disciplinary processes with Keir Starmer and Angela Rayner but not a privilege afforded to the people who pay the wages of the party machine. #LabourLeaks #StarmerOut #LFI https://t.co/XZDKR5FmXC

So what should Peter Mandelson talk about at the recent Jewish Labour Movement conference – his worries that an independent process will hamper the party leader Keir Starmer?. #LabourLeaks #StarmerOut #LFI

Mandelson “was there in the 1980s and understands where the power bases of the right are, and how it should be exercised”. Who needs independent processes or oversight when you are in the driving seat?. #LabourLeaks #StarmerOut #LFI

Poale Zion trades as Jewish Labour Movement is a part of the Zionist Federation of the UK and organise within the World Zionist Organisation. You do NOT have to be Jewish or a member of the Labour Party to join. JLM contains CIA asset Ruth Smeeth. #LabourLeaks #StarmerOut #BICOM

Ruth Smeeth, one of the 60 plus anti-Corbyn resignations from the shadow cabinet, formerly held a post with the lobby group, Trevor Chinn's Britain Israel Communications and Research Centre (BICOM). #StarmerOut #BICOM #JLM https://t.co/H2a9vnsnRP

A now-deleted page on the Jewish Labour Movement website, where the group’s then chair Louise Ellman, an opponent of Corbyn, described JLM as having been “Founded in 2004 as the successor to Poale Zion, a pioneering organization within the Labour Zionist family.” #LabourLeaks

JLM vice-chair Mike Katz described it as a “bare faced lie” to say that the group was founded in 2004 – insisting that Poale Zion had merely “changed its name”

He did not reply when confronted with a copy of Ellman’s own description. #LabourLeaks #StarmerOut

The Jewish Labour Movement acted as a proxy for the Israeli Embassy.

Shai Masot was the Israeli embassy spy forced out of the UK after an undercover Al Jazeera investigation exposed him plotting to “take down” a senior UK government minister #LabourLeaks https://t.co/86P2km8UcW

The expulsion of Labour MPs over the years are already, according to the EHRC, a politicisation of the complaints process and therefore unwelcome. By instituting an outside semi-judicial body, this can no longer happen. An independent panel is not subordinate to Labour’s NEC.

Mandelson fears such an independent process because it introduces the rule of law into the party. Frame ups become harder to manage if hard evidence is required. Getting rid of inconvenients and annoyances is tougher if one can’t cook the panel beforehand #LabourLeaks #StarmerOut

Unlike JLM (Poale Zion) Jewish Voice for Labour (JVL) is a network for Jewish members of the Labour Party. You have to be Jewish or a Labour member to join. JVL members are some of the nicest people I've met, unlike JLM. #LabourLeaks #StarmerOut

Joan Ryan is an ex-Labour Mp, a member of the Labour Friends of Israel (An intelligence front for the Israeli Embassy in London) and JLM (Zoale Pion a proxy for the Embassy), she was filmed discussing £1 million bribe to ''Take Down'' MP's sympathetic with Palestine #LabourLeaks

Ryan left the Labour Party on 19 February 2019 to join the Independent Group of former Labour MPs, accusing Corbyn and the "Stalinist clique which surrounds him" of failing to provide effective opposition and of "presiding over a culture of antisemitism and hatred of Israel".

Joan Ryan is not Jewish. Jess Phillips MP claims that Young Labour is "antisemitic" for tweeting the phrase 'Palestine Lives' at her resignation. Ryan is a pro-Israel campaigner who argues international law should be denied to Palestinians. #LabourLeaks https://t.co/VylGpEVFDa

Saboteur Joan Ryan, member of the intelligence front Labour Friends of Israel, accepted a £1 million bribe, fabricated anti-Semitism, quit Labour to join the Independent Group funded by Keir Starmer's donor David Gerrard. Feb 2019 #LabourLeaks #StarmerOut https://t.co/G1dq0m8otd

In February 2019, Gapes left Labour in protest at Jeremy Corbyn's leadership to form The Independent Group/ Change UK, along with six other Labour MPs. In the December 2019 election, Gapes was defeated by Sam Tarry. #LabourLeaks #StarmerOut

'A lot of people assumed I was Jewish' - ex-Labour MP Mike Gapes, reflecting on a 50-year career in politics in which he repeatedly spoke up for the Jewish community and Israel, "and I never went out of my way to say I wasn't." #LabourLeaks #StarmerOut https://t.co/GgrSJY2MCe

Mr Gapes, the son of postman Frank Gapes and shop assistant Emily who went onto chair the Foreign Affairs Select Committee under Tony Blair's government, is far happier discussing his close relationship with the Jewish community, despite being born an Anglican. #LabourLeaks
