If you were a true journalist, you'd do your own research about the capitol riots. Instead, you focus on 'orange man cult'. The video used in the sham impeachment of a private US citizen was of JaydenX (AKA Jake Sullivan, a known Antifa). Jake has organized riots before.

@cjink He's been charged numerous times and released. He's probably being paid by Obama's terrorist networks. If you had done your research, you would have scoured JaydenX website <https://t.co/OMU7vEzIKa> It's quite simple...go to newsletter, then archive, then Jan 2021 and you'll see

@cjink Let me help you with a little bit of your FAKE JOURNALISM. Here's a few screencaps. JaydenX organized, advertised, and orchestrated the attack upon the Capitol. He wore a go-pro cam on his hat to help him fulfill/document his actions. He hated TRUMP and wanted to dump Trump!

@cjink JaydenX wanted the fascist out of the White House. He instructed his Antifa Comrades to dress like Proud Boys (he personally wore Trump gear while rioting, despite him hating Trump). He trolled MAGA people and knew where they were lodging in hotels throughout DC and VA.

@cjink It helped JaydenX and his vile crew to be staying in the same hotels as they mixed in nicely with the MAGA people. In addition, JaydenX ordered his Antifa comrades to bring tactical gear and wear bullet-proof vests. MAGA people NEVER bring umbrellas or crowbars to rallies.

Chud Alert:Proud Boys leader Enrique Tarrio claims that the PB's will wear all black instead of the usual Black/Gold.

"We will be incognito and we will spread across downtown DC in smaller teams." [#counterintel](#) [#chudalert](#)

We will not be wearing our traditional Black and Yellow. We will be incognito and we will spread across downtown DC in smaller teams.

And who knows....we might dress in all BLACK for the occasion.

The night calls for a BLACK tie event.

Burn D.C. to the ground! Start with the metro police hq. Once a cop violates the oath he took, he loses any protections that oath provided. Fair game. Specially if those cocksuckers protect antifags and blm. I watched a video of 3 cop vehicles escorting 3 buses of antifags to the protest. Providing aid to the

These cops are so outnumbered they can't handle multiple events at one time and guard the city. Use the mob as a decoy to dictate where their presence is and overwhelm the system.

Parler Watch gave a list of hotels to call that are accepting trump supporters and proud boys to stay. Trump Supporters look to be targeting BLM buses; they have also gathered pictures of protesters and the protesters' addresses.

@cjink He was inside among the capitol police and obviously friendly with them too.

@cjink He was obviously inside well before Trump supporters even were close to breaching. You can see them approaching as he's already inside.

[@cjink](#) This is probably another Antifa pal filming; however, it's obvious that the police are letting their paid Antifa friends into the fencing.
