Here's a lengthy post asking: #WhatDoWeNow & I posit, #ArrestEmAll ! Let's start w/ @dotjenna (now deleted)! She id's as 'radio host' & flew on private jet to storm the capitol!

Below @mikegalsworthy captured her Twitter posts

Now, @dotjenna says CLEARLY on her LIVE (stream?) - 'We're gonna be breaking those windows...because we have to!'

She is informing her audience on what needs to be done to the US Capitol!

What is captured next is alarming & deadly?

A Twitter post shows @dotjenna in front of a US Capitol BROKEN window with a caption that includes: 'news doesn't stop lying about us we're going to come after their studios next'

A threat delivered from an illegal entry of Capitol

@dotjenna next screen grab shows her still in front of broken Capitol window & posts: 'We just stormed the Capital (sic) It was one of the best days of my life'

So she's celebrating her illegal entry of the grounds! CELEBRATING!

So the last screen grab is a @dotjenna statement where she clearly states ‘ I do not condone the violence’ BUT NO WHERE does she apologize for her actions or statements e.g. ‘be breaking those windows because we have to’

WHAT?

So, now she’s attempting to rewrite the narrative...exactly what many in the @GOP are doing when they condoned Trump?

So question for #LawAndOrder folks like @KenPaxtonTX , should folks like @dotjenna be arrested or referred to FBI?

@texasgop @tedcruz @KenPaxtonTX #txlege

I say #ArrestEmAll ... Why? These #Trumpers understood the code words spoken before Jan 6 & that day!

If they passed the barriers set up, they conducted illegal entry!

The US Capitol was defiled & US enemies are celebrating!

Let’s ask the audience of this post:

Should ALL the people that passed the barriers set up to protect the US Capitol be arrested & charged if identified?

What say you? @dallasnews @HoustonChron @ExpressNews @statesman @callerdotcom
