

## Twitter Thread by Subhadip Nandy

**Subhadip Nandy**

[@SubhadipNandy16](#)

**Two year back thread on MFI, someone liked this so came up in notifications .  
Rather than running around 100s of indicators, I have made this my go to indicator  
under any circumstances and have been using this for years**

What do you think/use as the most robust leading indicator if following technical analysis ? Please answer with reason , I will provide my answer after 2 hours

( At Delhi airport , bored as hell )
