1/ There's an unusual pattern for voter turnout in Red, Blue & Swing states.

Changes in voter turnout from 2016 to 2020 has been largely attributed to increases in mail-in votes this election.

Interestingly though, Red & Swing states had the greatest increases in voter turnout.

Blue States: California, Colorado, Connecticut, Delaware, District of Columbia, Hawaii, Illinois, Maine, Maryland, Massachusetts, Minnesota, New Jersey, New York, Oregon, Rhode Island, Vermont, Virginia, Washington
Red States: Alabama, Alaska, Arkansas, Idaho, Indiana, Kansas, Kentucky, Louisiana, Mississippi, Missouri, Montana, Nebraska, New Mexico, North Dakota, Oklahoma, South Carolina, South Dakota, Tennessee, Utah, West Virginia, Wyoming
Swing States: Georgia, North Carolina, Arizona, Florida, Iowa, Michigan, Nevada, New Hampshire, Ohio, Pennsylvania, Texas, Wisconsin
