/1 This is a chronicle of @RepTedBudd's twitter feed since the election. He tweeted more than 25 times about the lack of election integrity and continued to push a LIE of voter fraud in support of Trump's narrative the election was stolen. It's a long thread.

/2 However, Budd never once said anything about the exhaustive court cases that never found any fraud. Budd sent a letter to AG Barr to investigate. Barr saw no need to do so and saw no evidence of widespread fraud. Yet, Budd refused to even mention this fact.

/4 Why would you ask someone to look into something but refuse to acknowledge that they told you there's nothing to see? Because your agenda is to sow doubt in a free and fair election. The effects exploded on Jan 6th when the insurrectionists tried to stop the Electoral count.

/5 We must hold these men and women accountable. They are dangerous and now people are dead because of them.

/6 - On Nov 7th, Budd starts with there is nothing wrong with making sure all legal votes are counted. This post makes you think there were illegal votes cast.

/7 - On Nov 9th Budd tweeted 2 comments building his propaganda that if we can spend two years on Russia collusions and then tweets that AG Barr is looking into the "Allegations"

Today I introduced the Combat Voter Fraud Act.

It directs the DOJ to come up with a plan to end voter fraud ONCE AND FOR ALL!

It's time we have one national strategy when it comes to protecting election integrity.

Dear President Trump,

Following widespread support from my House Republican colleagues, I am again requesting that you direct Attorney General Barr to appoint a Special Counsel to investigate irregularities in the 2020 election.

The American people deserve a definitive resolution to the uncertainty hovering over the outcome of our election, but legitimate questions of voter fraud remain unanswered.

The Department of Justice has been asked on multiple occasions to launch an investigation into this matter, but inaction from the Department along with public comments made by the Attorney General indicate a lack of willingness to investigate the irregularities your campaign and other elected officials across the nation have alleged.

Dear Leader McConnell, Chairman Blunt, Chairman Graham, Chairman Johnson, Speaker Pelosi, Chairperson Lofgren, Chairman Nadler, and Chairwoman Maloney:

Constitution Article I, Section 4 (the "Election Clause") empowers Congress to set the times, places and manner of elections involving federal elected officials. State legislatures are similarly empowered to set the times, places and manner of elections provided they do not conflict with the laws of Congress.

There are countless innumerable examples wherein governors, election officials, and judges

with Congressional acts setting the times, places and manner of elections, and in conflict with legislative acts similarly setting the times, places and manner of elections.

What is unknown is the exact extent to which these violations of Article I, Section 4 illegally affected and altered federal elections within various states.

Constitution Article I, Section 7 requires the House and Senate to be the "Judge of the Elections, Returns and Qualifications of its own Members."

United States Code Title 3, Chapter 1 states the process by which electoral college electors' votes are communicated to Congress and the procedures by which Congress accepts or rejects those electoral college vote submissions (3 U.S.C. 17).

The aim and substance of the above Constitutional and statutory provisions is that Congress is the final and ultimate judge, jury and arbiter of all contested Congressional, Senatorial, and Presidential elections.

1. probe all allegations of illegal conduct concerning the November 3, 2020 elections;
2. investigate systemic problems affecting our elections;
3. hear from election experts to explore legislative solutions that lessen the impact of fraudulent and illegal votes and restore faith that America can hold a free and fair election.

We look forward to your prompt action on these matters that are critical to America's continued existence as a republic.

Sincerely,

 Mo Brooks Member of Congress	 Andy Biggs Member of Congress
 Mike Rogers Member of Congress	 Jim Banks Member of Congress

Millions of voters concerned about election integrity deserve to be heard. I will object on January 6 on their behalf

Hawley Statement On Objecting During Electoral College Certification Process

“Following both the 2004 and 2016 elections, Democrats in Congress objected during certification of electoral votes in order to raise concerns about election integrity. They praised by Democratic leadership and the media when they did. And they were entitled to do so. But now those of us concerned about the integrity of this election are entitled to do the same.”

“I cannot vote to certify the electoral college results on January 6 without raising the same concerns that some states, particularly Pennsylvania, failed to follow their own state election laws. I cannot vote to certify without pointing out the unprecedented effort of mega corporations including Facebook and Twitter, to interfere in this election, in support of Joe Biden. At the very least, Congress should investigate allegations of voter fraud and adopt measures to secure the integrity of our elections. But Congress has so far failed to act.”

“For these reasons, I will follow the same practice Democrat members of Congress have followed in the past and object during the certification process on January 6 to raise these critical issues.”
