## **SHIVA CHANTS SERIES-DAY 3:**

## 

Author: Brahma Ji (Brahma Khand, Skanda Mahapurana)

Mahakaleshwara at Ujjain is one of the Dwadasha Jyotirlinga, which is associated with Libra(Tula) Rashi. It is he who causes the exaltation of Saturn (Shani-Deva).

A prayer at this Jyotirlinga is bound to bless one with health & life as Shiva in the form of Mahakala is pacified. Saturn is the Dharmaraja of a chart & its deity is Yama who never fails in upholding Dharma.

So this Saturday, I present this stuti with pictures of Hanuman Shringar of Mahakala so that the combined blessings of Mahakala & Hanuman bestow kripa of Shani-deva upon you all.
