This is the end of the line. The one all Conspiracy Rabbit holes lead to. The world is controlled by 8,000 - 17,000 psychopaths that want you and I dead or controlled. Unity and Awareness is how we free Planet Earth and Man Kind, and true freedom for our species will happen!

This is the core of Conspiracy. And one we all need to unite on. Let me start by focusing on you, the person reading this. I want to say, from a complete internet stranger that I love you and I want the best for you. Because you are another aspect of myself, and deserve love and

safety just as much as I do. You are my fellow man, and I do not care what skin color you have as you read these words or what view points of reality you have. You are a brother. You are a sister. We are a family. We are a human family. We are a creative powerful species capable

of amazing feats when we come together. We bicker, we fight. We struggle, we compete. We survive. We do what we must in a world ripe with negativity. But in the end, when everything settles, creative light and love are at the core of who we are. We are meant to love one another,

not hurt each other. We have the potentials for so much abundance for all, but a select group of power thirsty power over others, service to self group of psychopaths are not satisfied with what they have and always seek more. This is what greed is.

Truly advanced technologies that could benefit all of mankind, suppressed because it would put these "elites" out of control and power. We no longer need to call them elite, for they are not. They are scum of the earth and are in direct harm to mankind itself and wish nothing

more than for us to destroy ourselves while they laugh on the side lines.
These are the powers that were. The cabal. The Illuminati. The Shadow Government. Names come and go, but their dark tentacles linger in the shadows.
Their gig is up. Their time is over.

The show is up for them and they know it. This is a Spiritual Play of Cosmic proportions and we are all actors in one giant awakening and remembering of divine consciousness and remembrance of what and who we are. Their negativity, control,

fear, and war has done a toll on this

earth, but it also back fired on them. When you go so far into the darkness, it only makes it that much easier to snap back into the light. We have been held in a dark quagmire for so long, have felt the emptiness of what dark truly is, and have made our collective choice to

wake the fuck up and move the fuck on from this barbaric system we have constructed. Total chaos it may look like to all of us looking at reality right now. The truth is, change is always happening, and for a new reality that we all collectively want to happen, all old negative

belief systems of control and patterns must break down. I have posted many times about the Mayan Calendar and how the 2012 end times scare was truly a new birth of consciousness for man kind. A golden age of consciousness if you will. This has been heavily documented and

researched and has been a pretty interesting topic.
You may ask where I am going with all of this. What I am leading up to. When you make the personal choice to start finding the truth of our reality, things happen. Synchronicity, Mandela Effect, Law of Attraction, Numerology.

You begin to notice patterns & realize things are a lot more connected & there is a hidden world all around us that we cannot see.
I love quoting Tesla to make a comparison.
“If you want to find the secrets of the universe, think in terms of energy, frequency and vibration."

We all exist on a certain frequency, Our bodies are dialed into this third dimensional time frame of existence. We all resonate to this frequency, thus we are all in tune with each other and the third dimension itself. If you have heard of Mass Consciousness, it ties into this.

This is why group meditations can be so powerful.
Now, think about if you truly knew the truth of our reality, and could manipulate that global consciousness to your own will. Like a few Border Collies slowly leading a group of sheep in a direction. I hate using the sheep analogy

but I hope I am providing a picture for you here.
Because of our Third Dimensional Reality, and the Universal Law of Free Will, this reality, or freqency, let's others experience an

partake either in service to self or service to others. The Law of One is what this understanding is. Because we are behind a veil of amnesia, and do not truly know or remember everything we have experienced, it makes this illusionary reality seem "real" it makes it seem like you

are your body and nothing more. It makes it so easy to think and believe that. I do not want to go into this too much but I implore you to think about the Possibilities that we are truly eternal souls that never die, and our Physical Bodies at this time are nothing more than a

vessel for this time frame of existence for our soul and one of many life times we have and will live. Imagine such powerful perspectives, and then imagine what can be gained by keeping that kind of information from you. Imagine how much easier it would be to control a society

that is unaware of what and who they are. Imagine how hard it would be to control a fully conscious self aware society that realizes we are more than our bodies.
This is where this all takes a dark, dark, turn. Some people think God is a fairy tale. That is all fine and dandy.

But there is a legitimate group of people. These 8,000 -17,000. people believe that Lucifer is God and that he is the true light. They Rebel against creation itself and attack, control, destroy it.
A lot of them are luciferians. Some are Satanists.

The thing is, this all boils down to Zionism. A long, long, deep rooted system of beliefs that has permeated mankinds existence even since the biblical times and has been documented in the Bible. The Israelites being casted away to Babylon.

The Protocols of the Elders of Zion (Russian: ■■■■■■■■■ ■■■■■■■■ ■■■■■■■■) or The Protocols of the Meetings of the Learned Elders of Zion is text purporting to describe a Jewish plan for global domination

This brings me to my next horrid truth of reality.

"Satanic" Sex Rings. The inspiration for this post comes from the repeated comments I see of people saying "Satanic Sex Rings are Fake" and "Satanic Panic all over again"
There is a reason these tales exist in the first place. And I am going to provide proof to you that this

world is run, and controlled, by these 8,000 - 8,500, and how they use Satanic Sex Rings, MKUltra Monarch Mind Control, to Split victims personalities. And how blackmail is collected on people wishing to get into power structures or into "the top of the pyramid" where access is

only given to those that allow themselves to be taped having sex with kids. Or worse... This is dark stuff, but it needs to be discussed. This is how these 8,000 - 17,000 psychopaths run the world, and also gives them protection from Good people trying to go after them because

they ultimately control key positions of power and prevent investigations from going forth. This is why they hate awareness. This is why they hate Unity.
Divide and conquer is their favorite tool. Get your enemy distracted fighting themselves, and they are less of a threat to

your own agenda.
Get mankind so hateful towards itself, towards the "other" persons skin color and sexual orientation of preference. They stand no chance to take you down when we are busy dividing ourselves.
This is their bread and butter. This is why we have share blue.

Why we attract trolls and shills. This is why astroturfing exists. This is why you can follow the money and find out the truth. If you control the world, you control the money. If you control the money, you control the people. If you control the people, you control the world.

You control media, you control Big Pharma, you control access to technology. You set up this big ploy of Russia vs United states then while the citizens of both countries are scared and fighting each other, the powers that were sit in the stands laughing and cheering as fellow

man destroy themselves, completely oblivious to the spectators looking on and instigating us.
This game is rigged folks. This reality is controlled. The chains have moved from the physical to the spiritual.

This is the big conspiracy. This is where it all leads to.
Please. Educate yourself. Bring awareness and light to this subject. Drop seeds of truth here and there with friends and family. Look for the truth and you will find it because the truth is within us.

The moment you look outside yourself for the truth that is the moment you confirm you do not have the truth. Always truth your own intuition. Your own awareness and gut feelings.
Let's come together as one, as we truly are. And free this world from the shackles that it has been

placed in for thousands of years. I implore you, a fellow human, to please ponder these things and find a way to help in your own manner. We can stop this TODAY if we collectively chose to do so.
Anytime someone says pedophile rings do not exist, link them to this thread.

Let them come to their conclusion and realize that this is indeed happening. Some will refuse. The more mankind awakens, the further some will create lies to continue their safe reality they have created for themselves. This is fine. We cannot push judgments or opinions as we

all have our own way of viewing reality and if people wish to remain ignorant to the truth, that is their choice to do so.
We do not need to waste energy attacking each other anymore. Pushing opniions and trying to create a i am right you are wrong scenario only further divides

us and builds ego and fills our heads. I have been guilty of it countless times and will be the first to admit that we all make mistakes and I have given in to emotions more times than I can count. It is time we take responsibility for our actions and realize the consequences of

the choices we sometimes choose to make. Mistakes are bound to happen and we need to use them as a learning tool instead of a thing we need to avoid at all costs.
Here are some hard hitting links regarding these rings, as well as various personal testimony from woman that have

survived sexual torture & trafficking other horrid cruel things. This needs awareness. This does not pertain to International Pedophile rings but shine light and give context where need be. Feel free to copy this whole post if you wish and share it. No need to give credit.

implore you to have an open mind and consider these possibilities. Remember that we are all in this together, so let's come together as the Human Species and shine the light on this dark problem that has been neglected for so long, so we can move on and evolve as a species.

I love all of you, and I hope we can get this awareness out until it hits critical mass. Much love, and Much Light. Thank you for reading.
