Sometimes extreme volatility brings prices below 21Sma briefly

OR, it just moves between 13 & 21 & move higher

Channel bottom comes around "17300"- no guarantee that every time it touches the channel bottom

Patience pays

IF you miss a trade, wait for the next

They always come ■■■ <https://t.co/CfVFhgbFxl>

Is it better to buy when price below ema 21 ?\u2026 as SL will be less
