 SANMINA AND RELIANCE CREATE MANUFACTURING JOINT VENTURE IN INDIA

Supports "Make in India" initiative for State-of-the-Art Electronics Hardware

Caters to growing demand for high technology infrastructure hardware in India as well as addresses export opportunities

San Jose, CA / Mumbai, March 03, 2022: Sanmina Corporation (Sanmina) (NASDAQ: SANM), a leading integrated manufacturing solutions company and Reliance Strategic Business Venture Limited (SBVL), a wholly-owned subsidiary of Reliance Industries Limited (RIL), India's largest private sector company, today announced that they have entered into an agreement to create a joint venture through an investment in Sanmina's existing Indian entity (Sanmina SC India Private Ltd. "SCIL"). This partnership will leverage Sanmina's 42 years of advanced manufacturing experience and Reliance's expertise and leadership in the Indian business ecosystem. The day-to-day business will continue to be managed by Sanmina's existing management team in Chennai, which will be seamless from an employee and customer perspective.

The joint venture will create a world-class electronic manufacturing hub in India, in line with the Hon'ble Prime Minister's "Make in India" vision. The joint venture will provide high technology infrastructure hardware, for growth markets, and across industries such as communications networking (5G), cloud infrastructure, hyperscale datacenters, medical and healthcare systems, industrial and consumer, and defense and aerospace, in addition to supporting Sanmina's current customer base. The joint venture will create a state-of-the-art Manufacturing Technology

 RIL Jio: New Subsea Cable System IAX to Connect the Maldives Directly to India & Singapore

Reliance Industries, a leading Indian multinational telecommunications and media conglomerate, today announced that it has entered into an agreement with Jio Platforms Limited (Jio) to launch a new mobile broadband digital service provider, will launch the next generation multi-terabit India-Ase-Igates (IAI) undersea cable system in Kutch, Gujarat.

The high capacity and high-speed IAX system will connect Kutch, Gujarat directly with World's major internet hubs in India and Singapore.

The Minister of Economic Development, Hon. Ux Fayaz Iqbal, speaking about the launch of the Maldives first international cable, said: "This is the first stride towards enhancing our connectivity infrastructure and opening vast opportunities for our people through providing secure, affordable and high-quality services. We also aim to diversify our economy and establish ourselves as a key communications hub in South Asia. Aside from economic development, this will accelerate social development through high-speed internet access throughout the Maldives allowing us to attain the equitable development we seek."

"Today's global economy is driven by low-latency broadband, connecting people, businesses, content, and services. IAX will not only connect Maldives to the world's content hubs, but it will also support the explosive growth in data demand expected from the new initiatives being launched by the government of Maldives," said Matthew Costanzo, President, Reliance Jio. "Jio is very pleased to be working with the government of the Maldives to help realize this ambition by providing high-quality, scalable capacity supporting their 5G-capable internet services."
