Cause everyone wanted to buy it at 300+ and no one wants to buy it at 200

Market is short sighted and loves to buy high and sell low

Sequent is a long gestation stock, it won't deliver it's real earnings until FY23-25

Not suitable investment for those who want 100% return/yr

[@itsTarH](#) hey Tariq, any idea why is Sequent falling?

Don't expect the earnings to go anywhere till FY23.

Real growth will only come post FY24.

I expect the stock to either correct or stay muted till then. <https://t.co/IUQfzxoITO>
