16 Excellent websites I discovered in 2022 (that are extremely useful) :

1. Scribe How

Screen recording extension that instantly converts any process into a guide.

93% less time spent documenting and sharing processes

■ <https://t.co/dk5fk7zxmz>

The screenshot illustrates the Scribe How interface, which is used to create step-by-step guides from screen recordings. The interface is divided into three main sections, each with a numbered step:

- 1. Record any process**: This section shows a CRM interface with a table of contacts. A red circle highlights the 'Record any process' button in the top right corner.
- 2. Click "Tasks"**: This section shows the CRM interface with the 'Tasks' tab selected. A red circle highlights the 'Tasks' button in the top right corner.
- 3. Click "Masline Company"**: This section shows the CRM interface with the 'Masline Company' selected. A red circle highlights the 'Masline Company' button in the top right corner.

The workflow is shown in a yellow box with a blue arrow indicating the sequence of steps. The interface also includes a search bar and a 'New' button.
