**7 signs a stock trend is exhausted:**

**1) Price >100% above MA 200**
**2) Largest volume since start of the trend**
**3) Big gap after several months of rally**
**4) New highs on lower volume**
**5) Reversal bar on weekly chart**
**6) 50% gains in 3 weeks**
**7) >7 days up in a row**

**What else?**
