Chasing extended #stocks is often not rewarded! What's extended?

- 1) >70% above EMA 200**
- 2) Up 3 days in a row**
- 3) >3 pullbacks on the EMA 21**
- 4) >5% above trading base without pullback**
- 5) >10% in one day It's better to wait for a consolidation before you enter.**
