Trading Mistakes & Lessons Learnt \U0001f9f5

1) I always keep my mistakes & lessons learnt in front of my screen while trading.
Bcz we as traders tend to commit the same mistakes everytime.

So seeing your learnt lessons everyday ensures that you avoid them.

I had been rejected many times in my life few are:

What do you really need?

(@TraderHarneet)

<https://t.co/1rDndzrZnh>

You need more discipline ... Not capital

You need more patience .. not stocks

Your need more consistency .. not strategies

You need more calmness ... Not excitement
