Duration 2004 to 2016

Pakistani ISI used their contacts in bollyw**d to bring many of A grade actresses to UAE, UK and USA.

They have paid them to spend nights with Big Pakistani Army officers, ISI officials and Pakistani Politicians

They have recorded this special moments and started to use that a grade actresses as per their agenda!

They have sent them to Ministers of that time, IAS officers, Journalists, Judges, big industrialists and other politicians (CM of States, Party Presidents) as honey trap!

ISI succeed in this and they have now clips of all of them!

New government established in 2014 and people thought that, corrupt people will be in the jail very soon!

But ISI have started to black mail IAS officers, Judges etc... to save culprits of scams and force them to work against India!

A new political party emerged in Delhi in that period of time.

Few of their politicians started to go Canada, Russia, UK for funds, where they were too honey trapped! This Party become one of main anti-India element after that!

Now whenever Pakistan wants to set any agenda they use this entire cartel against India!

Like Sometimes some politician demands proofs of surgical strikes, Sometime they run Champaign like Kathua rape case, They always against good bills of central government!, they will go to support JNU! They are keep trying to divide Hindus on basis of various issue!

Now this cartel is on their peak. They become extremely dangerous now.
