So here are some ideas /thoughts. Trump is convinced. The confidence level about election being rigged is at same level as when he was telling people that he was spied on. Everyone laughed said it was crazy... few months later we find out.. its all true.

So, I've been thinking about the 2018 executive order. Specifically the 45 day time period.

2018 Executive Order Executive Order on Election Interference

<https://t.co/l3KssAZgsh>

Section 1. (a) Not later than 45 days after the conclusion of a United States election, the Director of National Intelligence, in consultation with the heads of any other appropriate executive departments and agencies (agencies), shall conduct an assessment of any information indicating that a foreign government, or any person acting as an agent of or on behalf of a foreign government, has acted with the intent or purpose of interfering in that election. The assessment shall identify, to the maximum extent ascertainable, the nature of any foreign interference and any methods employed to execute it, the persons involved, and the foreign government or governments that authorized, directed, sponsored, or supported it. The Director of National Intelligence shall deliver this assessment and appropriate supporting information to the President, the Secretary of State, the Secretary of the Treasury, the Secretary of Defense, the Attorney General, and the Secretary of Homeland Security.

(b) Within 45 days of receiving the assessment and information described in section 1(a) of this order, the Attorney General and the Secretary of Homeland Security, in consultation with the heads of any other appropriate agencies and, as appropriate, State and local officials, shall deliver to the President, the Secretary of State, the Secretary of the Treasury, and the Secretary of Defense a report evaluating, with respect to the United States election that is the subject of the assessment described in section 1(a):

Break down of procedure of the order.

When I saw all of the changes in DOD it shot off red flags. Trump was moving his people in place to get go through the process of the EO. He doesn't have to do anything its already law BUT the people managing it have to be trusted.

Department of National Intelligence
Director - John Ratcliff

General Paul M. Nakasone - Commander, U.S. Cyber Command and Director, National Security Agency/Chief, Central Security Service in May 2018.

Secretary of Defense - Christopher Miller

Chief of Staff for Sec Def - Kash Patel (Chief of Staff for Rep. David Nunes. Key in uncovering all of the FBI crossfire spying on Trump)

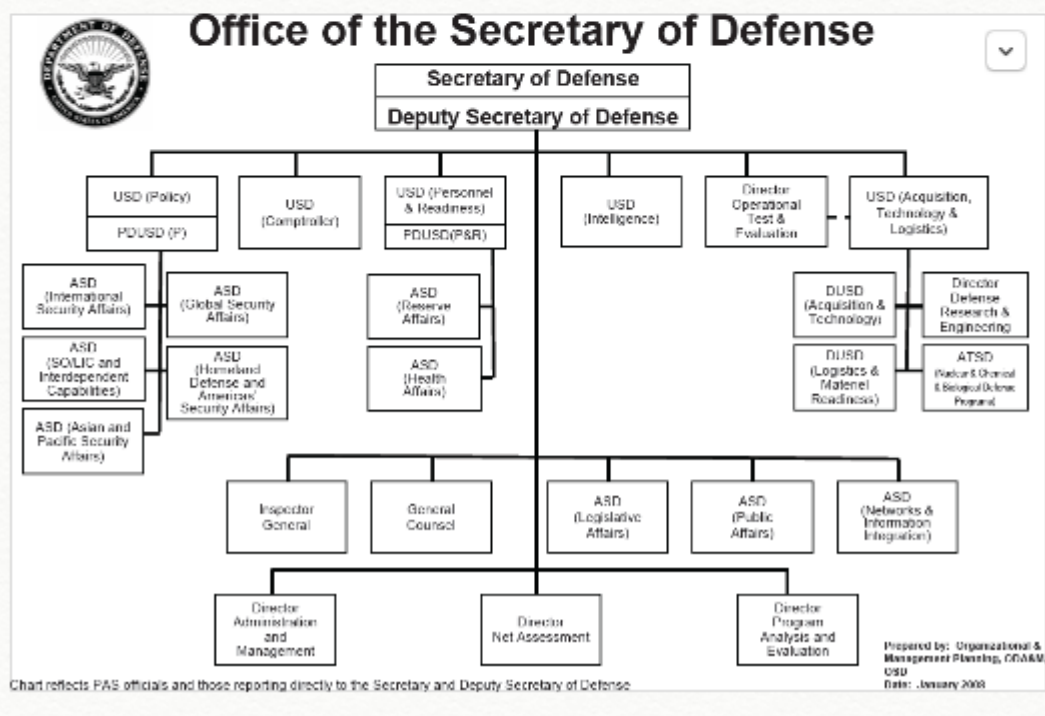

Advisor to Sec Def - Douglas MacGregor

USD Policy - Gen Anthony Tata

USD Intelligence - Ezra Cohen - Watnick

NSA Chief Lawyer - Michael Ellis (Also Chief council to Rep. David Nunes. Worked closely with Kash Patel to uncover FBI crossfire)

Keith Alexander

IF the EO is going forward the key person in investigating all of this would be General Nakasone.

Nakasone looks to be tapped for Chris Krebs position from Cybersecurity and Infrastructure Security Agency

Gen. Paul Nakasone, Cybercom and NSA Head, Named to 2020 Wash100 for His Efforts to Advance Cybersecurity Capabilities and Defend U.S. National Security

In September, Nakasone talked about the lessons learned from the 2018 midterm elections and highlighted efforts to prevent foreign interference during a panel at the Intelligence and National Security Summit.

"When we thought about the elections for 2018 last summer, one of the things that we immediately did is we went back and we took a look at 2016."

Now very interesting coincidence of dates.

Nakasone goes into quarantine. Undisclosed but being military personal has high chance of being at Walter Reed on Oct 6

Trump is also at Walter Reed on Oct 3

Who else quarantined on Oct 3 ? per CBS

Chairman of Joint Chiefs of Staff

Vice Chairman

Army Chief of Staff

Naval Operations Chief

Air Force Chief of Staff

CyberCom Commander

SpaceForce Operations Chief

The Chief of the National Guard,

Deputy commandant of the Marine Corps

Everyone is talking shop at Walter Reed? We all saw the video Trump. He looked tired but surprisingly strong for having COVID... Media said he was on steroids...

So back to the 45 days after the election

Nov 4 - Day 1

2020 GSA Calendar - <https://t.co/IIDkpAS3IF>

Looks like on or before December 21st we will see if any of this actually happened I think all the court cases are a smoke screen. Buying time to get this report together. Otherwise the pressure to concede would be too much...
